Dedication

MR. JOHN W. WOOD

To MR. Wood we extend our deepest gratitude for the splendid help and cooperation which he has always shown us. Never was he too busy to listen to our problems and to offer us sound advise. When the occasions demanded it, he could be counted on to pitch in and get the job done. He is an inspiration to the boys of Rindge, leading them to higher levels in their ambitions. To you, Mr. Wood, we say au revoir but not good bye.

MR. FRANCIS T. McCABE

We the class of 1948, cannot thank you enough for your sage counsel and genuine concern evidenced during our years under your surveillance. When we were in need of your guidance you showed a wholehearted interest in our problems that will not soon be forgotten. Through your interest in us as individuals you have proved to be a reliable and sincere friend.

MR. WILLIAM J. KELLEHER

To you who conscientiously tried to instill in our minds the importance of dependability in character formation, we, the Senior Class, give thanks. The virtues of punctuality and truthfulness are everywhere honored and respected, but yours was the task of developing and strengthening these traits which are essential in all lines of endeavor. With our training period behind us, we wish to express to you our sincere gratitude for your wise and just disciplinary methods which have brought about this transition.

MR. WILLIAM H. MAHONEY

The Class of '48 will always remember and thank Mr. Mahoney for his class guidance and cooperating spirit. Not only did he direct our successful activities but this helping spirit was extended to the classroom. His pupils will long remember, we are sure, his guidance and friendly way of teaching. To this man, an inspiration to his hockey team and pupils, we wish long life, happiness and a sparkling future in the annals of our alma mater.

1947 FOOTBALL TEAM

The Rindge Tech gridsters suffered a season of hard luck loosing to eight of its nine opponents. Under the leadership of captain Al O'Sullivan and under the guidance of their brilliant mentor Ted Galligan the technicians lost some heartbreakers. Rindge opened her season in an informal jamboree at Russell Field by beating Norwood 6 to 0 on Bill Gilberts 50 yard run. Then without the services of captain Al O'Sullivan the local eleven traveled to Weymouth and lost a heartbreaker at the hands of the Weymouth club. The following week Mr. Galligan's boys went to Newton and were beaten by the "Garden City" gridsters 21 to 0. Following their loss to Newton the technicians journeyed to Waltham and suffered their fourth defeat to the "Watch City" boys. Then came that dreadful Saturday morning of October 13, 1947 when the Rindge Tech football team lost a 6 to 0 game to *equally lowdown Cambridge Latin*. Then it appeared as if the Brown and White had pulled from their *slump* for with brilliant play by the linemen and backs they held Brookline the champions of class "*B*" to 6 points and the Techs dropped their fifth 6–0. But as usual Rindge was as unpredictable as the weather, the local eleven traveled to Fitchburgand were outweighed, outclassed, and out played by the highpowered Fitchburg gridsters. Then came the tide of victory, the Rindge eleven grew tired of defeat and led by the sprinting of fleetfooted halfback Dave Smith and the deception of Quarterback Ed Fratto ultimately ran away with the St. Clements contest 19–0. On the following Saturday Leominster visited Russell Field and the Techs lost a close one 12 to 7. On "*Turkey day morning*" the red and blue of Somerville visited Russell Field and in this 57 year old classic Somerville toppled our gridsters, 12–0.

BASKETBALL TEAM OF 1948

The basketball team of this past season got off to a poor start by dropping a thriller to Newton High 43 to 38.

Throughout the entire season, almost everyone of the Tech five's defeats were lost by close margins. Three of its six losses were by a difference of two points.

Included in its six victories were two startling wins over C.H.L.S. by scores of 29–24 and 27–23. This year was the first time in years that this feat was performed.

The Tech's team was led by center Captain Gino Neri. Playing along with him were Ronnie Singleton and Richie Spillane, two fast forwards, and Greg Cosmopoulis and Ed Fratto, two fine defensive guards. To back up this five were such able reserves as Tommie Ryan, Billy Boudreau, Pete Parris, Bill Gilbert, Lefty Scherer, Dom Dell Anno, and Bob Sullivan.

Only one team in the league, Arlington, defeated Rindge in both encounters on the waxed floor. Two of Tech's sparkling victories were over Newton, last year's co-champs; and Waltham, champs of this previous season.

The team was led by one of the best mentors in the Suburban League, Coach Tom Murphy.

HOCKEY

By William Mahoney

This year's team was composed mostly of green untried players. The first line had one veteran, Captain James Mulrey, at center. The other members were RW James Duffy, LW L. Robichaud, second line center Jack Linehan. RW Bill Reimeka, and left wing was changeable all year long. RD John Callahan, LD James O'Brien, G M.Dillon and R.Grant. The pucksters won 1 lost 9. James Duffy and Dappo O'Brien both made second team All-Scholastic. Most of the team were midgets except for O'Brien, Callahan, Dillon and Remeika. The game they won was against a highly favored Newton. The first goal was by J. Duffy assist J. Mulrey; then Newton roared back to tie it up 1 to 1. It stayed that way until late in the third period when Jack Linehan, just this game moved from first lone LW to second line C, soloed down the side, scored, and Rindge won, 2 to 1. This was a fighting team. They had lost five games, being shut out in three, and Newton was fighting for first place. Yet Rindge went out and calmly defeated them. They lost to Latin School for the second time in twelve years.

Next year has an outlook of hope and prosperity. James Mulrey is again captain and there are many veterans left. So we say good luck,.We will be watching for you to beat Latin and bring the championship where it belongs.

TRACK

The Rindge Tech Track Team of 1947–48 has not been the same track team as in years gone by. This years team boast only five Vets. that were with the team for the past four years. In the various track and field games, Rindge has won only one first place. This first place was in the Fargo Meet Some of the blame for the comparatively bad showing of this years team lies in the fact that the members of the track team have been without any means of practice. We are grateful for the use of the Cambridge Armory, Coach Horace Hedley of M.I.T. and the use of the indoor track at M.I.T. and the coach at B.U. for the use of his track.

We take pride in our one State Champion, Captain Alvin Collins, who won the 1000 yard run in the State Meet. Collins, by winning this event, earned a trip to New York. Although the team did not make such a good showing in the various meets they collected 7 points in the State Meet to place seventh among a group of 24 schools.

Among one of the bright spots in this rather gloomy season was the winning of the Intermediate trophy by the Rindge Intermediate track team in the Greater Boston Interscholastic Track Meet. Also our team was represented by four members in the Bowdoin Invitational track meet, held at Bowdoin, Maine.

The worst defeat handed to a Rindge Track Team in many a year came at the hand of the Class A State Champion Malden team. In this meet Rindge won only one first place and that was in the 600 yard run. The final score was Rindge 16—Malden 61.

Considering the material and certain unavoidable conditions Coach Humphrey O'Leary has done a good job. He is admired by all of the boys on the team for what he has done for them.

In closing this chapter in the Rindge Running Story for the 47–48 season let's hope for better teams in the future generations of Rindge Athletes.

BASEBALL 1948

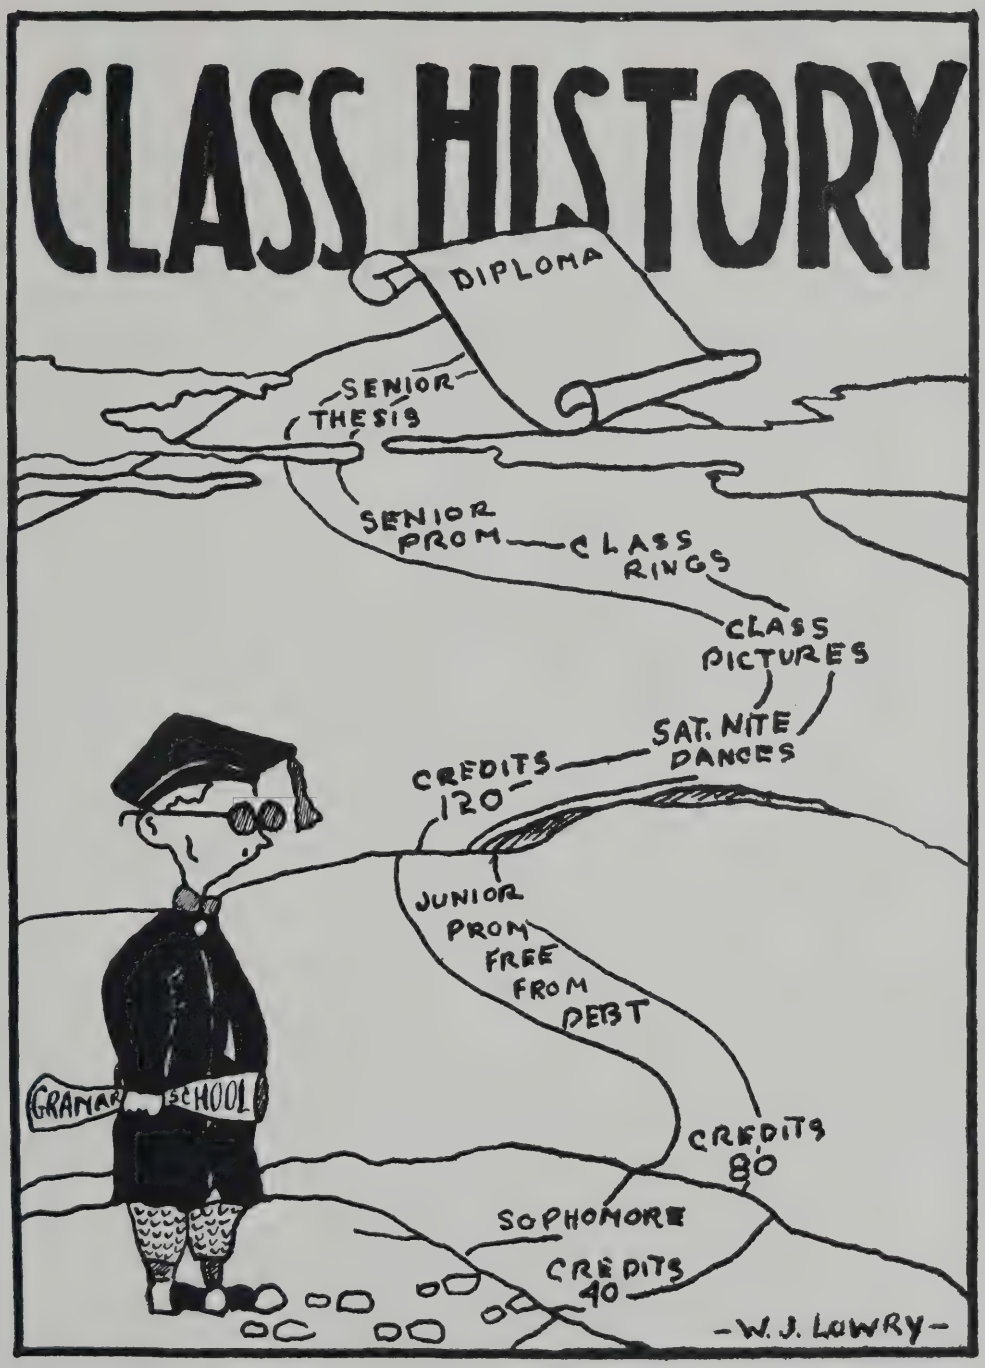

Since baseball comes at the end of the school year it presents a difficult problem for the yearbook committee; consequently few facts are available, other than the schedule, by the time the book is to go to press. The class book report is always something of a prediction.

It is a foregone conclusion that the Seniors will play a prominent part in the success of the Rindge Tech nine.

Dominic Dell Anno, outfielder and pitcher, will captain this year's team. The infield will probably be Maurice Dillon, alternating between backstop and first, John Linehan at second, James O'Brien cooling the hot corner, and Charles Morette at short. These boys could very well mold into a classy sure-footed unit inasmuch as all are lettermen and belong to the class of '48.

From the Juniors we are getting Walter Johnson, Donald Collins, Sebastian Raineri, and Jim Mulrey, all of whom saw considerable action the previous season.

Under the guidance of our able coach, Mr. William P. McLaughlin, Rindge is assured of a fighting nine that is usually in the running for the Suburban League Championship. The nine fully respect the knowledge of this fine coach and will work hard to bring the pennant home.

Class History

Our Freshman Year

In September 1944, the class of '48 made its debut 440 strong. We were wide-eyed, curious, and for the first few months were lost in a gigantic building. Seniors raised havoc and preyed on us at every chance; and we soon learned not to ask them for room numbers. Mastering our locker combinations was the first task we completed with success. As the months passed the name "*frosh*" was used less frequently, seniors treated us more like kid brothers, studies became routine and we began to feel at home in Rindge.

The Coming of winter saw many freshmen represented on Rindge's Teams. Football received Al O'Sullivan, William Gilbert and Kenneth Cleary. The annual grid iron clash between Rindge and C.H.L.S. saw Rindge the victor.

We took pride in our class when the first marking period had closed, finding many of us on the Honor Roll. Burton Doo of Chinese extraction; a graduate of the Roberts School, led with an average of 86.4.

When hockey season rolled around the freshmen class put forward some very promising material in: John Callahan, James O'Brien and William Mahoney.

Freshman were out in abundance when the call came around for basketball. They were: John Joycé, Robert Dyer, Ralph Eaton, Frank Pallazzo, Weedon Parris, Noel Parris, William Gilbert, Gregory Cosmospoulas, George Murphy, John Campbell, Thomas Ryan, Henry Mattos, Nathan Johnson and Manuel Aruda.

It was during this year that the baseball team won the "Suburban Baseball League Championship."

Our school paper "*The Rindge Register*" found freshman Earl Ennis and George Norris writing for it, which helped increase its circulation.

The first year was now almost complete and we were justly proud of ourselves for accomplishing the first mile of our long journey. With out thoughts turned toward vacation, we adjourned school looking forward to our sophomore year.

Our Sohpomore Year

Behold Sophomores now! Back in Rindge once again we now strolled around with an air of confidence, sure of our steps and certain of our destination.

On a raw blustery Columbus Day morn Rindge defeated Latin 6 to 2 in the annual football clash. By virtue of our win over Latin we once again claimed the title "*City Champs*". The Rindge lineup was:—Janko, L.E.; Griffin, L.T.; O'Sullivan, L.G.; Gisborne, C.; Maher, R.G.; Evanowski and Gilbert, R.T.; Cleary and Simpson, R.E.; Silva, Q.B.; Spillane and Messuir, L.H.B.; Lusk and Heise, R.H.B.; Hill and LeGrand, F.B.

The addition of Richard Walsh, John McGrath and Weedon Parris to the Register staff greatly increased sales. The annual Rindge Register Christmas Story Contest was well patronized by sophomore entries.

With devastating blows struck to our opponents Rindge captured the G.B.I. Hockey Championship; taking the final game from Newton High's pucksters 2 to 0. This championship team was composed of:—Richard G. Rooney, and Mailloux L. D. Messuri, R. D. Gagnon, C. Robichaud, L. W. Briand, R.W. These boys well deserved the title "*The Flying Frenchmen.*"

Thomas Heise was appointed captain of the track team which consisted of some of the ablest runners Rindge has ever turned out. Because of this we copped the Outdoor State Relay Champion-

ship. This was the year Al Collins beat Joyce of Commerce in the 1000 yarder.

The student body, Faculty and Alumni of Rindge were saddened and shocked by the news of the death of our beloved Assistant Headmaster James F. Conlin, and Materals of Industry Teacher Miss Jane Mosher. They will always be cherished in our memories.

The Aeronautics Department was immensely benefited by Mayor John H. Corcoran's gift of a fully equipped Wildcat Airplane to the school.

Our sophomore year was now complete. Time sealed another chapter in the romance of life.

Our Junior Year

Two years of earnest preparation, and before we realized it we were "*Juniors*". With inspired confidence, we were determined to make this year a brilliant one. Possessed with a deeper conception of school life, we made every effort to work in harmony.

First came the election of class officers. A bitter struggle ensued between Al O'Sullivan and Bill Mahoney over the office of president. When the second ballot was cast, it found the following elected: — *President*, William Mahoney; *Vice-President*, William Gilbert; *Secretary*, John Powers; *Treasurer*, Daniel Shea.

Under the leadership of these boys our junior year progressed with tranquility.

City Champs once more!

For the third consecutive year Rindge defeated the Latin eleven in the annual football clash.

The Rindge Register, composed mostly of our class under the leadership of Mr. W. H. Gomes, enjoyed a most successful year. The staff was composed of; Track Editor, Jessie Bee; Crossword Puzzles and Poems, Robert Madrulli and Al Souza; Cartoonists, William J. Lowry and Joseph Ryan; Reporters, H. F. Thidemann, Art, R. Mahon, M. Kazanjian, S. Marcotte, C. Lerman and R. Walsh.

One of our first major responsibilities was the conducting of the "Junior Dance." Enlisting the services of the famous orchestra leader, Georgie Graham, we were endowed with an evening of lavish entertainment which was enjoyed by all.

Our trackmen tied for high honors in the StateRelay. Collecting seven points each, Rindge and Boston English shared first place in "Class A" during the annual Belmont State Relay Carnival. We owe that victory to Lawrence White, Alvin Collins, Dave Smith, and Ken Cleary, all fighting Juniors.

On the evening of March 14, 1947 the senior class presented the play called, "*The Hasty Heart*". The Juniors being amply represented with one of the leadingparts going to William Mahoney. Some of the supporting cast juniors were Weedon Parris, Harold Thidemann and Art Mahon.

Our eight-oared crew proved victorious over the courageous Latin team. The crew was composed of: Captain Paul Spillane, Phillip Flynn, Joe Perry, Al O'Sullivan, Bob Delorey, Dick Danforth, Jack Welch, Les Louis, Fred Pain, and Coxswain Kip Paul.

The close of the year was highlighted by the Junior Prom, which was held at the Commander Hotel.

Departing, we looked back on a great year, but looked forward to an even greater one. One in which we would reach the turning point in our lives, the passing into youthful maturity, gaining a better understanding of the complication of making our way into the world.

Our Senior Year

Years of hard climbing now laid behind; at last we were Seniors. This was our year, our year to know success or our year to know utter defeat. This was the interval that would try the character, strength, and determination of each and every one of us as a united body. Fully realizing our responsibilities we turned to the election of our class officers. They were:—*President*, Alfred O'Sullivan; *Vice-President*, William Gilbert; *Treasurer*, James O'Brien; *Secretary*, John Powers.

To facilitate the operation of class functions, the following were appointed:—Robert Popiel Chairman of Social Activities; William Mahoney, Vice Chairman of Social Activities.

With Al O'Sullivan, captain of our football team and a group of high-spirited, hard fighting boys, as follows: Joyce, McCarthy, Collins, Sibley, Gilbert, Perry, Smith, McCusker, Boudreau, Callahan, Euglunes, Eaton, Fratto, Bee, O'Brien, Palazzo, Jones, LaRonde, Cleary, Carroll, Bluthart, Morrison, Dellapasqua, Sullivan and Saden; made a good showing against some of the top ranking schools of Greater Boston.

With clear foresight the dance committee was organized, which consisted of; Alfred O'Sullivan, John Powers, Art Mahon, Larry Holland, William Mahoney, William Gilbert, James O'Brien, John Joyce, John Burke, David C. Sprogis, Albert Richards, Dick Bagdon, Roy Sibley, William Morgan, Ralph Eaton, Lawrence White, John Hughes, William Boudreau and Robert Popiel.

These boys were largely responsible for the financial success of the senior class. Altogether we sponsored nine dances, a feat which never before had been equaled or attempted by a senior class. All were successful, but a few will stand out in our memories for a long time. Our gala "Christmas Dance" in which we went to elaborate preparation and expenses, was well worth every effort put forth. The "Miss Rindge Winter Festival Dance," during which Miss Peggy Sullivan of C.H.L.S. was awarded the title of "Miss Rindge" as the ideal girl of two thousand boys.

Art Mahon was now editor of our grand paper "The Rindge Register." Under his inspiring leadership many brilliant editions were published,which most of us shall never forget.

Two months of rehearsal and before a full house we presented "Talent Night." The "Claude Brothers" (George Reid and Claude Ladner) a highly skilled handbalancing team, won first prize. The "Rhythm Ramblers" a group of guitar players singing western melodies. (Incidently Norman Nichols a Senior was one of the group) won second prize. The show was a superb hit, and was a credit to all those who strove to put it over.

William Mahoney was chosen editor of our "Year Book" and has proved himself more than capable, with the splendid job which he (and his associates, listed elsewhere) has herewith produced.

This year saw many Scientific demonstrations exhibited by the seniors of Rindge. Covering everything from Electronics to Aeronautics, clearly showed the highly skilled training a Rindge Student receives.

Mr. Mahoney our "Faculty Advisor" will always be remembered as a man of untiring fortitude; always ready to help us in every way he possible could. To him we owe a debt of deep gratitude.

An event of magnitude which climaxed the end of our four years in Rindge was our "Senior Prom." The beautiful Princess Room of the renowned Somerset Hotel was the location. On the evening of May 21, we danced to the romantic music of Freddy Sateriale and his orchestra; an evening which is never to be forgotten in our ever reminiscent memories.

Graduation had come at last! A picturesque sight we made in our caps and gowns, awaiting eagerly to receive our diplomas.

As Freshmen we had wished to be Sophomores, as Sophomores we desired to be Juniors, as Juniors we strove to be Seniors, but now as Seniors we can only wish we were Freshmen again. The individual years may have seemed long, but thinking back we can see it was only a limited part of our lives. A stepping stone in the stream of life.

We have now left the portals of our beloved Rindge. May we ever seek to uphold the standards of our Alma Mater.

Know all men by these presents

Class Will

We the class of 1948 hereby make this our last will and testament.

• McGOWAN •

Our Class Will

Know all men by these Articles, that we, the Class of 1948 of the Rindge Technical School in the City of Cambridge, County of Middlesex, and the State of Massachusetts, being of Technical mind and sound body, being able to firmly grasp T-square and pencil, and understand as in calculus why we do this, do construct and draw up this our last will and testament and declare all other wills to be null, void, and without the power to tend legal action:

We, unhesitantly and duly appoint Mr. Henry C. Lynch as executor of this our last will and since Mr. Lynch is skilled not only in executing wills, but extracting tardy athletic equipment, we-the class of 1948, felt that these requests will be earnestly and faithfully carried out.

1*st* We bequeath to our successors, the Class of 1949, the great honor and dignity which is an attribute of the Senior Class.

2*nd* We bestow to same successors, all momentary visions of excellent marks, all nightmares and tortures brought on by failures, term tests, and college board exams.

3*rd* To the Class of 1949, we leave the beloved membership to the Ancient and Honorable Apron Club.

4*th* We compound and bequeath to all unfortunate Kelleherians our autographic expertness in signing notes, excuses, and report cards.

5*th* We sorrowfully leave to all, the gilded chassis and jet-propelled engines in Rooms 153 and 155 for use in driving onward to the peak of their educational destination.

6*th* We beneficiently donate from financial profits derived from our social activities, the following needed accessories:

1. An elevator substantially reinforced to transport 1st floor inhabitanta to the 5th at the beginning of each lunch period.
2. A brand new supply of aspirin for the nurse.
3. An adequate amount of T.N.T. to gently open lockers when all other methods have failed.
4. One pencil sharpener for all rooms.
5. All-scholastic teams for each sport.

7*th* We gladly leave to the Class of 1949, our amazing ability to be befuddled by calculus, physics, and chemistry instructors.

8*th* We bestow to those in the drafting course, the ability for omitting dotted lines and confusing the length, width, and breadth of an object.

9*th* To Mr. Linehan, we bequeath a box lof pencils, and several boys to hold these in space while he constructs perpendiculars, parallels, and angles.

10*th* To the midget freshman, we gratefully donate the upper book lockers, which we are now accustomed to, although a ladder had once been necessary.

11*th* To the "*Register*" office, we bequeath the necessary equipment for habitually publishing the freshman issue at a time when the Frosh are practically Sophomores.

13*th* To those fortunate beings who have classrooms facing C.H.L.S. at 1:45 P.M., we bequeath the privilege to stare and stare and stare and stare!

Realizing that we quickly approach the end, we ask on this 10th day of June in the year of our Lord, one thousand nine hundred and forty eight, at the Rindge Technical School in Cambridge, Massachusetts, that these directions be executed immediately and with the greatest technical skill. With nervous arc torch, we braze this, our most famous signature,

PROPHECY
CLASS OF 1948
-W.V. LOWERY-

Class Prophecy

Man was not destined to read the future, but where Rindge is, does such a thing as mere man exist? We are the leaders of the new mechanical age, we are the scientists of tomorrow, and we offer proof by presenting with the help of the "*future-televisor*" the Prophecy of the Rindge Senior Class of 1948:

Since I was designated by our Class to record what I witnessed, it is only proper that I start with our Class president.:

The name of Alfred O'Sullivan is spread across the top of all sport pages proclaiming him All-American conference tackle in 1954.

The world will storm the boxoffice to see Art Mahon play the Colonel in the "Hasty Heart". Playing the part of *Blossom* in the same play is Danny Shea. This is the first time that Danny is restricted in talking. The classroom comic is threatening to quit if he can't say more on the stage.

The Senate is holding another investigation for W. H. Mahoney Jr. who is being tried for election speculation.

Joe Sergi will become renowned for his thesis on "*Women*" while F. Rasile will become famous for his part as guinea pig.

Sprogis will upset scientists of the world by proving one of his theories.

R. Sibley will open his Architectural Rendering Firm and collaborated with N. Springer and A. Silva who revolutionied model building with their Plaswoodic.

Larry (size 14) Holland just opened his own shoe factory.

Rocky Wigfall will become an explorer conquering many tractless marshes (Marcias).

Ken. Cleary will be Admiral of the Erie Fleet. His task will be guarding the entrance to the Thousand Islands so no one may find Florence alias Gravel Gertie alias H. Kaplan.

Johnny Powers, the class secretary, will be elected mayor of Cambridge in 1957. This will be the final outcome of the 1947 mayorality race.

Burton Doo shall receive a professorship at Harvard. He will direct the new General Knowledge Course.

George (Washington) Gratto shall attain the presidency of Filene's in 1960.

R. Owens will become Supervisor of N.B.C. while Jimmie O'Brien, our class treasurer, will be his favorite knee-sitter.

In sports the world shall vibrateat the name of Al. "1000 yds" Collins and J. "Feet" Bee, the dash flash. H. Carroll will play football for the Bears; "Five Yards" will be chosen M.V.P.

R. Singleton and N. Parris will spark the Renaissance to a world basketball title with R. Sullivan as coach.

J. O'Brien will break the ironman record and then spark the Bruins in the Stanley Cup victories of '56.

Clyde Pyle's Apaches will capture the League B City title in '70–'71 with Joe Wilford racking up a 50 point record and S. Marcotte following with three, all from half floor.

The screen fades; the tube hum dies; the lights come on; and we blink and wake up to the reality of the year 1948. There is the glimpse into the future. Now I'll destroy the televisor, for this is '48 and such things are impossible.

Editor's Page

by WILLIAM H. MAHONEY, JR.

I wish to take this opportunity to express the gratitude of the Senior Class to Mr. Wood, Mr. Mahoney, Mr. Gomes, Mr. Gately, Mr. Diehl and all the others. Without their help and cooperation our class could never have achieved the success they did.

To the class goes the thanks of the class officers and the council, for without their backing of our activities the social events would not have reached the heights they attained.

I personally wish to thank all those who helped make this year book possible. They worked relentlessly for hours after school and at home. To them goes the thanks of the class.

The Class officers will never be forgotten, because of the success this class has reached. We say to them it was a good job well done.

To the class I say that in future years I hope you will be successful, so that Rindge may be proud of the class of 1948. I hope to see you all soon at a future reunion, so I won't say good bye, just au revoir.
